INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
of South Jersey Regional Animal Shelter, Inc.

Opinion

We have audited the accompanying financial statements of South Jersey Regional Animal Shelter, Inc. (a nonprofit organization), which comprise the statement of financial position as of December 31, 2021, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of South Jersey Regional Animal Shelter, Inc. as of December 31, 2021, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of South Jersey Regional Animal Shelter, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about South Jersey Regional Animal Shelter, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of South Jersey Regional Animal Shelter, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about South Jersey Regional Animal Shelter, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

(1) Summary of Significant Accounting Policies

Organization:

South Jersey Regional Animal Shelter, Inc. is a New Jersey not-for-profit corporation originally organized on July 8, 1946. The Organization's mission is to provide shelter and homes for stray and unwanted animals and humane education programs. The company filed a certificate of amendment with the State of New Jersey in May of 2018 to change its name from The New Jersey Society for the Prevention of Cruelty to Animals, Cumberland County Branch, Inc. The Organization receives funding from a variety of contributions, special events, and private grant sources. Other support includes adoptions, clinic and other operating income, municipal contracts to service local communities, and investment income. The Organization's headquarters is at 1244 N. Delsea Drive in Vineland, New Jersey with operations primarily encompassing the Cumberland County New Jersey area.

Principal Programs:

The Organization provides and operates a temporary shelter or refuge for homeless and unwanted animals. The Organization attempts to find adoptable animals loving homes to responsible owners. The Organization provides spay/neuter services through its animal clinic.

Accounting Method:

The financial statements of the Organization have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities. Revenue is recorded when earned and expenses are recognized when incurred.

Basis of Presentation:

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America. In accordance with Financial Accounting Standards Board Accounting Standards Codification 958-210-45-9, the Organization reports information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(1) Summary of Significant Accounting Policies (continued)

Cash and Certificates of Deposit:

Cash reported in the statement of cash flows includes petty cash, general operating accounts, savings accounts, and money market funds that can be withdrawn without restriction or penalty. Cash excludes cash equivalents held in investment and endowment accounts whose use is limited by donor or board-designated restrictions.

Accounts Receivable and Allowance for Doubtful Accounts:

Receivables consist of amounts owed from municipal contracts, pledges, and other employee receivables. The Organization carries its accounts receivable at cost less an allowance for doubtful accounts. The allowance for doubtful accounts is based on management's experience as to the collectability of outstanding receivables given a history of past writeoffs. The Organization does not accrue interest on any delinquent program receivables which are deemed delinquent if payment is not received by 120 days. At that time, the account may be turned over for collection.

Property and Equipment:

Property and equipment acquisitions are recorded at cost. Depreciation is provided for over the estimated useful life of each class of asset and is computed on the straight-line method over periods ranging from five to fifty years.

Gifts of long-lived assets, if any, such as land, buildings, or equipment are reported as unrestricted support, unless donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

The Organization's capitalization policy is to capitalize all capital items whose value is more than \$1,000 and whose useful life extends beyond one year.

Functional Allocation of Expenses:

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the program and supporting services benefitted based on either time expended or square footage of building space allocated to particular programs, whichever is more appropriate.

(1) Summary of Significant Accounting Policies (continued)

Contributions:

The Organization receives various types of contributions which are generally unrestricted. The Organization's policy is to report as unrestricted support contributions with donor-imposed restrictions when these restrictions are met in the same year that the contribution is received. The Organization reports these gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated asset. When a donor restriction expires, that is when a stipulated time restriction ends or a purpose restriction is accomplished, restricted net assets are reclassified to net assets without donor restrictions and are reported in the statement of activities as net assets released from restrictions. The Organization records contributions at the date of donation or as soon thereafter as the fair value of such contribution can be determined. The Organization did not receive any conditional promises to give from any contributor at December 31, 2021. The Organization's unconditional promises to give are all due within a one year period.

Investments:

Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets of the period. Investment income and gains restricted by donor are reported as increases in net assets without donor restrictions if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized. Investments also include certificates of deposit whose original maturity at the time acquired is in excess of three months and are recorded at fair value.

Net Assets with Donor Restrictions:

Net assets with donor restrictions are subject to donor-imposed stipulations that may or will be met by actions of the Organization and/or the passage of time. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

However, the Organization may be subject to unrelated business income tax on its net retail sales operations if there is a profit.

(11) Fair Value Measurements

In accordance with FASB *Accounting Standards Codification* 820, Fair Value Measurements & Disclosures, the following is a disclosure of financial instruments at December 31, 2021 for assets measured at fair value on a recurring basis:

	Value 12/31/21	Quoted Prices in Active Markets for Identical Assets (Level 1)	(Level 2)	(Level 3)
Investments - Brokerage Sweep	\$ 37,084	\$ 37,084	\$ 0	\$ 0
Investments - Stocks	\$196,758	\$196,758	\$ 0	\$ 0
Investments - Mutual Funds	\$338,241	\$338,241	\$ 0	\$ 0

When available, quoted prices are used to determine fair value. When quoted prices in active markets are available, investments are classified with Level 1 of the fair value hierarchy. Level 1 investments consist of investments in mutual funds and cash equivalents. When quoted prices in active markets are not available, fair values are determined using pricing models and the inputs to those pricing models are based on observable inputs in active markets. The inputs to the pricing models are typically benchmark yields and financial institution stated rates and values. Level 2 investments consist of certificates of deposit.

Other financial instruments not measured at fair value on a recurring basis include cash, receivables, accounts payable, accrued expenses, and other liabilities. These are reflected in the financial statements at cost due to their short-term nature.

(12) Litigation

The Organization is occasionally involved in certain legal claims arising in the ordinary course of operations. No liability has been accrued on the accompanying statement of financial position in regard to any outstanding litigation.
